

## A Vampires Werewolf Clan and The Last Werewolf Pack

A Vampires Werewolf Clan: My grandfather was a famous Italian scientist and when he and his only daughter were turn into vampires he tried to find a cure without success. His daughter was now used to being a vampire but she really wanted to have a baby. She had a boyfriend but vampires couldnt have babies. After a century of trying he finally was able to create the serum that could help her get pregnant and I was born. When I was two months old the three of us went to the Colorado Mountains for a nice vacation. My grandfather and my mother were killed there by renegade vampires. After the killers left me to be eaten by wild animals a werewolf couple found me and raised me like a daughter the werewolf way! The Last Werewolf Pack: During the course of my story, my life will be threatened by an obsessive alpha male werewolf. The surprising arrival of werewolf twin brothers Kennan and Hendrix will teach me that true love does exist. My name is Julissa, and I am a Romanian alpha female from The Last Werewolf Pack.
