

## If Its Not One Thing, Its a Murder (Skye Donovan Photographic Mysteries)

Skye Donovan has a life of structure and predictability after 22 years of marriage. Upon discovering another woman's underwear in her home, she suspects her husband is fooling around. She realizes her suspicions are both right and wrong when she walks in on him and his boyfriend. Skye now finds herself confronting a new reality she needs to start life over, find a new job, move to a new place, break the news to her teenage daughter, and worst of all, start dating again. Just when Skye thinks she has her best friend to help her through it all, corpses begin turning up and that same friend is the prime suspect. To make things worse, she soon finds herself dealing with a handsome detective, a sexy writer, a pagan wedding, an unexpected pregnancy, and a new career. Now, amidst the chaos, she must exonerate her friend before the murderer strikes even closer to home.
