

## Kilodney Does Shakespeare, and other stories

This girl was born to write, and she writes as well as I do. Crad Kilodney Once upon a time, in a place very far away, the mad scientists of the divine comedy had a particularly delicious idea. And so they appointed one Mr. Name Withheld to be sent to earth to become Crad Kilodney, King of the Ill. Kilodney would create some of the strangest, sickest, and funniest literature in the history of the cosmos. For twenty years, he stood on the streets of Toronto, hawking masterpieces like *I Chewed Mrs. Ewings Raw Guts*, *Blood Sucking Monkeys From North Tonawanda*, and *Putrid Scum*. Before Kilodney disappeared from the streets, he influenced generations of writers with his do-it-yourself ethos and dozens of cult classic titles. Kilodney resurfaced a decade or so later with an obscene series of travelogues that would kick-start his resurrection. At the time, he had no idea he was about to embark on the most ambitious project of his life, rewriting the entire library of William Shakespeares plays as Shakespeare for White Trash. Lorette C. Luzajic decided to ask him where he had gone, why he came back, and what possessed him to take on an opus of this magnitude. These meandering, often personal reflections run the gamut from hilarious to heartbreaking, as Luzajic contemplates Kilodney and his work, Shakespeare and Chekhov, creative passion, and the absurdity of life. It is also the story of what Luzajic learns from Crad about what it means to be a writer.
