

# Her Kampf: Eva Braun Centenary

Written by the author of *The Untold Story of Eva Braun*, this book omits most of the political background, and the descriptions of the war, to concentrate on the vital information concerning Eva Brauns character, her relationship with Hitler, and the challenges that she faced in her life, such as chronic depression and MRKH. This book contains much new information, including information on what became of the people who were closest to Eva Braun, such as Evas sister Gretl, and also what became of Gretls daughter Eva Fegelein, who was born after Eva Brauns death.
