

## Mysteries of Atlantis Revisited (Edgar Cayces wisdom for the new age)

An Ancient Society Lost in Time...The lost civilization of Atlantis, one of the most enduring controversies of all time, has haunted scientists and occultists, philosophers and skeptics alike for centuries-- but no conclusive evidence has ever been found. The Deepest Mysteries of the Human Race...American visionary Edgar Cayce died before he could explain his own theories, but he referred to Atlantis hundreds of times in his remarkably accurate life readings. Now, armed with Cayces psychic clues and the latest findings from archaeology, geology, and anthropology, three scholars have traveled the world in search of proof. The Adventure Begins...From the hidden vaults beneath the Sphinx to the coastal waters of Bimini, join them on their amazing voyage as they explore the wisdom of Edgar Cayce and discover shocking new evidence about the destruction of Atlantis-- and why striking parallels between our society and theirs could provide important lessons for the future.
