

The \$35 Wife

They were a group of people recreating life in the Middle Ages. But to some, it was more than a game, more than just a fun hobby for weekends and the occasional out of town event. He was King KonanThor of Nordheim. And I belonged to him. Pregnant at seventeen, Kitty left home to find unconditional love. Lured by the game, she soon found herself trapped in a modern-day Viking world ruled by a demanding and abusive man. In a decision made by others, she was married to the King. But she was never his Queen. She was his \$35 wife. Follow Kittys journey from Arizona to Utah and back again, as she fights to survive while her value is always in question.
