

The life of Mansie Wauch: Tailor in Dalkeith

Excerpt from The Life of Mansie Wauch: Tailor in Dalkeith Having, within myself, made observation of late years, that all notable characters, whatsoever line of life they may have pursued, and to whatever business they might belong, have made a trade of committing to paper all the surprising occurrences and remarkable events that chanced to happen to them in the course of providence, during their journey through life - that such as come after them might take warning and be benefitted, - I have found it incumbent on me, following a right example, to do the same thing; and have set down, in black and white, a good few uncos, that I should reckon will not soon be forgotten, provided they make as deep an impression on the world as they have done on me.
